A. INTRODUCTION

Throughout this Amendment these entities are referred to as follows:

Yukon-Kuskokwim Health Corporation	=	YKHC
Financial Assistance Sub-Award	=	FSA
Denali Commission	=	Commission

On July 28, 2002, the ANTHC and YKHC executed an FSA authorized by the Denali Commission to upgrade a recently constructed health clinic in the City of Alakanuk, Alaska. The project was funded by the Denali Commission.

B. REVISION OF PROJECT BUDGET AND FUNDING SOURCES TABLE

This project was originally awarded \$90,927; however, only \$63,000 was needed. This Amendment therefore adjusts the project budget and funding sources table accordingly.

The balance of \$27,927 will be returned to Denali Commission Financial Assistance Award Project No. 0071-DC-2002-I24, dated April 2002, from where the funds originated.

A revised Project Budget and Funding Sources Table is provided below.

Job Type	Scope of Work	Qty	Units	Unit Cost	Total Cost	Funding Source
						Denali Com. FY02
M-DS	Design and planning for improving clinic site grading	1	LS	9,092	9,092	9,092
M-CL	Add gravel to improve clinic site grading	1	LS	53,908	53,908	53,908
Total Award					\$63,000	\$63,000

This document constitutes Amendment No. 1 to the FSA for upgrading a recently constructed health clinic in the City of Alakanuk, Alaska. All other sections of the original FSA remain in effect as agreed upon and executed.

MEMORANDUM

DATE: July 2004

FROM: Heritage and Environmental Consultant

SUBJECT: Yukon-Kuskokwim Health Corporation for Alakanuk, Alaska
Environmental Review, Amendment No. 1, Project No. AN 02-G24

TO: FOR THE RECORD

Based upon proposed Federal funding for this project, an environmental review in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA) is required. The Alaska Native Tribal Health Consortium (ANTHC) has considered all potential environmental concerns (specific and cumulative effects) associated with the project in consultation with applicable federal, state, and local authorities. An environmental review was completed in June 2002 with respect to the proposed sanitation facilities construction at Alakanuk, Alaska under Project No. AN 02-G24. This Amendment will not change the scope outlined in the original document, and therefore no additional environmental review is necessary at this time.

If the scope of work is changed in the future, then the ANTHC will revisit this environmental review to determine if potential environmental concerns have been addressed.

Chris Campbell
